

Being active is great for our physical health, but it's also really good for our mental health and wellbeing. If you are thinking about taking up an activity to boost your mental wellbeing, choose one that you will enjoy, and that you can make part of your life.

There is lots of evidence to show that being active helps your mental wellbeing in the following ways:

- It encourages you to set goals and when you achieve them it's good for your mood and self-confidence.
- It helps to raise your self-esteem, whether your activity is solo or in a group
- Physical activity causes chemical changes in your brain, which in turn can have a positive impact on your mood

The acts of giving and showing kindness are good for our mental wellbeing as well as for those who are on the receiving end of our kindness.

Research suggests that acts of kindness can help improve your mental wellbeing in the following ways:

- Giving to others creates positive feelings and a sense of reward
- Acts of kindness, no matter how small, give you a feeling of purpose and self-worth
- The act of giving helps you connect with other people, which is good for your self-esteem

Paying more attention to the present moment, also known as “mindfulness” can improve your mental wellbeing, help you to enjoy life more and understand yourself better.

Evidence shows that pausing to take notice helps your mental wellbeing in the following ways:

- Taking notice can strengthen and broaden your awareness
- Appreciating the moment can help to reaffirm your priorities
- Heightened awareness helps you to understand your feelings better, allowing you to make positive choices based on what is important to you

Why not think about something that you are interested in, so that learning is enjoyable and you are more likely to continue. Even if you feel like you do not have enough time, there are lots of different ways to bring learning into your life.

Learning something new activates the release of the 'feel-good' chemical dopamine in the brain and helps to promote positive mental wellbeing in the following ways:

- Learning new skills can boost your self-confidence and raise your self-esteem
- Learning can help you to build a sense of purpose
- Learning can help you to meet new people and form new connections
